Commander of Barry Garrison Pours Hot Shot.

HITS OUT AT OPPOSITION

Insists That the Election of Colonel Browne Was Not Unanimous.

Michael J. Hackett, commander of Barry Garrison, No. 30, Regular Army and Navy Union, in a communication to The Times, discusses the recent troubles in that organization. He says: 'The article published in Sunday's Times is erroneous and without foundation, relative to Gen. William F. Barry Garrison, No. 30, Regular Army and Navy Union, formerly of the Army and Navy Union, at special meeting of said garrison called on Wednesday, September 27, I, as commander of the garrison was not present, the senior vice com-mander presiding. Sickness caused my absence, otherwise I would have beer present. A vote was taken as to whether the garrison would withdraw and join the Regular Army and Navy Union, or remain in the Army and Navy Union Under existing circumstances, it was decided by all except two who were volunteers and Browne's friends to Navy Union, all present were obligated and a charter was applied for. "Barry Garrison is now chartered un-

der the Regular Army and Navy Union, and will remain as such, as all members who have been heard from are much pleased with the change. This action is J. E. Browne as the national command. or at the New York convention. As to the statement of J. J. Gordon, he does not seem to know what he is talking

"The garrison by majority vote in session imposes the sentence and is final unless the accused appeals through his garrison to comply with section 23, procedure of trials. Browne has never done this, consequently the action of Hugh H. Henry and adjutant general, is irregular, unconstitutional and without authority. Such action was disapproved of by the executive council of the national corps at Newburgh convention, and Past National Commander Henry reprimanded, the proceedings and findings of trial committees does not go to national headquarters only when an appeal is made and filed through the garrison of which the accused belongs. This has never been done, national headquarters has never asked for them. An official notification of sentence was sent to national headquarters under garrison seal. Commander Henry has mo authority to transfer any one, as the constitution and laws provides for this transfer are given by the garrison in regular session at their meetings only. National Commander Henry transferred almself to a garrison at Weekhawken, and is in arrears for his dues in Barry Garrison." Is this not positive proof? All of his "The garrison by majority vote in

Was Not Unanimous.

'As to the statement of William A. Hickey, that Browne's election was unanimous, this is not true, as there was only one ballot cast by the adjutant general, delegates and national officers getting no chance to cast their votes. A house, and a straight wire was run from the pastor's reading desk to her let, but it was voted down. The deleter, but it was voted down. The deleter, but it was voted down. The convention was irregular from start to finish, and run by a few from New York. As to Barry Garrison having a new commander, the members of Barry Garrison are competent to decide who their commander will be, and not outsiders. No one is disgruntled. We stand on the was of the order to be carried out, Barry Garrison, No. 30. Regular Army and Navy Union, and its members will sent to a finish."

BERLIN, Oct. 2.-The Kaiser is in low spirits. There can be no doubt about it, On the big parade at Berlin he was in condition of abstraction, and he appeared to be nervous.

He did not reply to the "hochs" of the people with his customary smile and occasional salute.

Then at Homburg he was in a sour humor, and rode among his entourage, guarded by the most brilliant troops, like a man in a dream. Why the baton did not fall from his hand was a mystery. He took but little interest in the great military concert or band promenade, in which 3,000 men took part, and he was positively listless in the big church parade in the park of the Homburg Kur-

SPEEDY CURE BY **CUTICURA REMEDIES**

"Words cannot describe the terrible eczema I suffered with. I was almost a solid mass of sores from head

human being. Blood and pus oozed from a great sore on my scalp, from under my finger nails, and near ly all over my body, and every hair in my head fell out. I could not sit down, for my clothes would stick to the raw and

bleeding flesh, making me cry out with pain. My doctor did all he could, but

no hope of recovery. But oh, what blessed relief I experienced after apply-ing Cuticura Ointment. It cooled the bleeding and itching flesh, and brought me the first real sleep in weeks. It was as grateful as ice to a burning tongue. I would bathe with warm water and Cuticura Soap, then apply the Ointment freely, and took the Resolvent for the blood. Soon the sores stopped run-ning, the flesh began to heal, my hair started to grow, and in a short time I was completely cured. If any one doubts this, tell them to write to me. - Mrs. Wm. Hunt, 135 Thomas St., Newark, N. J., Jan. 11, 1905."
